#### Description:

Learn to recognize, understand, and resolve ethical problems in the workplace with **Ethical Dimensions in the Health Professions, 6<sup>th</sup> Edition**. Ideal for all practicing and aspiring healthcare professionals, this unique text gives readers a solid foundation in basic ethical theory, the terms and concepts of ethics, and the numerous ethical issues surrounding health care today. The new sixth edition centers on the six-step decision-making process and includes expanded patient case studies and an increased emphasis on working within inter-professional care teams toward the resolution of ethical problems. With all of its tools and guidance, *Ethical Dimensions* gives readers

the framework needed to make ethical and effective choices in the workplace.

- **UNIQUE! Process of ethical decision-making** provides readers with an organizing framework to use in making the best decisions in the face of ethical problems.
  - **Reflection boxes** highlight important concepts and stimulate critical thinking.
  - **Patient stories** depict real-life situations and demonstrate the ethical decision-making process.
  - **Summary boxes** offer a quick review of the important information in each section.
  - **Content on current laws and institutional policies** make readers aware of their legal responsibilities as well as their ethical ones.
  - **Questions for thought and discussion** encourage readers to apply the ethical decision-making process to different situations.
  
  - **NEW! Expanded patient stories** include current innovations and issues in ethics.
  - **NEW! Additional content on interprofessional team decision-making** reflects an important expanding movement in healthcare nationally and internationally.
