Description:

Nothing prepares you for exam success like *Harrison's!*

VIBRANT FULL-COLOR PRESENTATION INCLUDES COLOR ATLAS -- 500 ALL-NEW QUESTIONS!

Now you can add the unmatched authority of *Harrison's* to your board review or test preparation. Based on the content of *Harrison's Principles of Internal Medicine, Nineteenth Edition*, this rigorous study aid is essential for Internal Medicine Board certification or recertification/maintenance of certification, or as a refresher for any internal medicine examination.

Reflecting the accuracy, currency, and wide scope of *Harrison's*, this complete review of internal medicine delivers more than 1,000 extremely challenging review questions, many of which utilize realistic patient scenarios, including radiographic and pathologic images. Each question is accompanied by explanations for correct and incorrect answers. These explanations -- which are derived from and cross-referenced to *Harrison's Principles of Internal Medicine, Nineteenth Edition* -- are one of the most effective ways to learn and teach internal medicine. They are designed to bolster your understanding of pathophysiology, epidemiology, differential diagnosis, clinical decision making, and therapeutics.

The format of the book has also been enhanced, allowing for a more effective use of color images throughout. Readers will appreciate the convenience of having color images next to their citations in the text.

A GREAT WAY TO LEARN INTERNAL MEDICINE:

- Coverage spans the entire spectrum of internal medicine
- Each topic is covered in proportion to its level of importance on the Internal Medicine Examination Blueprint
- Approximately 500 NEW, never-before-published Q&As (**more than 60% of the questions are NEW!**)
- Includes full-color atlas
- Content follows the organization of *Harrison's Principles of Internal Medicine, Nineteenth Edition* -- making it perfect for side-by-side study
- Beautiful full-color presentation
