Description:

Review "From cover to cover, The Little Black Book of Marijuana delivers exactly what it promises: An easy-to-read, well-researched informatively entertaining 'essential guide to the world of cannabis'....[I]f a cannabis fan was forced to choose one piece of weed-themed literature to bring

with him or her to a deserted island (or even just on a long plane ride), it should probably be this one." --Seattle Weekly Blog

"Calling Steve Elliott an accomplished journalist in the fields of drug policy reform and medical cannabis would be a significant understatement....[A]s far as broad-spectrum introductions go you d be hard-pressed to find better." --4Evergreen Group

From the Author A big thanks to photographers Linda Finkle of Seattle and Kym Kemp of San Francisco for their great bud and plant shots for *The Little Black Book of Marijuana*.
